

MRS. DUNN'S NEWSLETTER

October 31, 2016

We are learning to:

Math

We are finishing up our first unit on multiplication and division. We are looking at where we see these skills in real life and will test this week.

Reading

We are discussing the strategies to help us understand our reading when reading gets tough. We are working on having more **READING GRIT!** Please continue to remind your student to fill out their reading log **EVERY** night that's in their red folder.

Writing

Students are finishing their narrative story and presenting this week.

Social Studies

We are learning more about communities and some of their physical characteristics.

Science

We are going to be doing a science unit on Simple Machines this week.

Important Dates

October 31- Halloween Harvest Party at 1:00pm.

November 1st- Boys and Girls Club After School Program begins

Words of the Week

community

countries

school

Try practicing these in sentences

3rd Grade Community Models

All this week, our community projects will be displayed in Room 9 in the 3rd grade wing for viewing. The kids did such a great job and all the projects are very creative. If you have time, come down to take a peek!

Leader in Me

A few weeks ago, we had our first assembly learning about the habits leaders have. This month, we focused on **Being Proactive**. We learned how leaders stay calm like a water bottle when shaken up by things they can't control and don't turn into a shaken soda bottle. Leaders that are **proactive** also know they are in charge of their own actions, thoughts and choices!

Student of the Week

Harper

Harper was one of our leaders last week. She loves gymnastics, her dog Toby and Minions. She loves to do art in school.
